## MyMomShops Giveaway: Kaloo Organic Plush Bear

*This contest is now closed. Congratulations to "Jane and Jim" who wrote, "I love the fact that it's organic and sooooo cute!" Jane and Jim, please e-mail me your name and address to claim your prize.*

Our friends at **Petit Baby** are offering one reader a brand-new product by French toy designer Kaloo. It's an Organic Large Plush Bear and it is totally adorable. It is part of "Nature!", Kaloo's new, all-organic collection. The bear is made entirely from 100% organic cotton (that means no pesticides, harmful chemicals nor GMO are present in the cotton fibers). It arrives packaged in a beautiful round gift box made with 100% recycled paper. It is machine washable and safe for newborns so this also makes a great baby shower gift or new baby gift. The bear costs \$59.99 at Petit Baby. (By the way, note that the plush rabbit in the photo is sold separately).
